## GIN INSURANCE

The season for insuring gins is about here, and I am better equipped than ever to handle this class of business. My companies' rates are as reasonable as the hazard will admit and are as low as any reliable company.

I am also in position to insure country property—i.e. dwellings and country stores.

Nothing but Reliable and Strong Companies Represented

I am agent at Bryan for the Oliver Typewriter, the only standard visible writing machine.

## CONSIDERABLE COTTON

Warehouses at Kobe, Japan, Cannot Hold 'It All.'

## EIGHTY SHIP LOADS.

Fire Consumed Twenty Thousand or More Bales, but the Space Occupied by Them Was Re-filled Promptly.

Seattle, Wash., Aug. 10.—When the Kanagawa left Kobe on her last voyage for Seattle there were more than eighty ships either at the docks of that port or lying in the offing awaiting an opportunity to discharge their cargoes, which for the most part consisted of cotton. This commodity, according to Captain Wale of the Kanagawa, was crowding every warehouse along the water front of Kobe and overflowing into the fields which extend back from the town.

Shortly before the departure of Kanagawa fire started in this vast amount of the fleecy staple and before it could be extinguished destroyed some 20,000 bales. Captain Wale states the loss scarcely was noticeable to the casual observer, and the space in which the burned cotton had been was filled almost immediately with other bales discharged from ships. The greater part of this cotton is the American product, although a small portion is from India. Captain Wale states a large amount of cotton weaving machinery is being installed in Japan and the manufacture of cotton fabrics is becoming a great industry in the land of the mikado.

### AUSTIN MATTERS.

Tax Receipts Under Kennedy Act Over Eighteen Thousand Dollars.

Austin, Aug. 10.—The comptroller announced that receipts from all companies and corporations subject to tax under the Kennedy bill, aggregated \$18,364 for the quarter ending June 30. This does not include tax from oil companies which enjoined the state from collecting the tax.

Governor Lanham has returned from Fort Worth.

Axtell-McKee Manufacturing company of Fort Worth, capital stock \$100,000, purpose of which is to manufacture windmills, etc., has filed its charter.

### ENDS EXISTENCE.

Dallas Butcher Blew His Brains Out With a Revolver.

Dallas, Aug. 10.—At an early hour this morning at his residence, William Heck, Jr., a butcher, thirty years old, suicided by sending a bullet from a revolver through his head, blowing out his brains. Mr. Heck had only been married a few months and his wife is visiting relatives in Pennsylvania. He has been in feeble health some time, and to the despondency resulting is attributed the cause for the rash act.

### WHIPPED BY WHITES.

Comments of Jim Lawyer, a Negro, Cause Him a Flogging.

Waco, Aug. 10.—A negro named Jim Lawyer was taken from his home near Bruceville, this county, Wednesday night and given a sound flogging. This was occasioned by some statements that were made by him in condemning the whites for lynching Sank Majors. About twenty white men called upon Lawyer, and after hearing his statement whipped him, and told him that it would be better for him to hunt other climes. He took them at their word and left Thursday.

### Head and Body Mile Apart.

Waco, Aug. 10.—The mangled remains of a Mexican were collected Wednesday, parts of the body having been scattered along the International and Great Northern track for a mile or more. The head was close to the East Waco crossing of the Houston and Texas Central and the trunk and legs were a mile north of the head.

### Leg Crushed Fatally.

Gilmer, Tex., Aug. 10.—Lester Adams of Tarrant county fell under a Texas Southern car at this place. His left leg was so badly crushed he died.

### Two Young Ladies Drown.

Vancouver, B. C., Aug. 10.—By the capsizing of a boat in a whirlpool at Christiana Lake, near Grand Forks, B. C., Misses Agnes Ruckle and Ida Anderson were drowned. Three others in the party managed to reach shore in an exhausted condition. Miss Ruckle resided at Vancouver and Miss Anderson's home was at Minneapolis.

Paris, Aug. 10.—Allan White, an American, eighteen years old, was killed Thursday at Palus, in the department of Golesundord. He then caught in the tide while walking on the beach and attempted to climb a cliff. He reached the summit of the cliff, but lost his hold and fell. Death was instantaneous.

### Death Expected Any Time.

Kansas City, Aug. 10.—General Livestock Agent Titus of the Santa Fe railway, who has been confined at his residence with sickness dating from the time he attended the Texas Cattlemen's convention in March, is very low. Death is momentarily expected.

## PRELATE SUCCUMBED.

Archbishop Chapelle Falls Victim to Yellow Fever.

## MOSQUITO THE CAUSE

There Were Seven Deaths at New Orleans on Wednesday, Sixty-Three New Cases and One Dozen Subfoci.

New Orleans, Aug. 10.—Public interest in the general yellow fever situation has suffered a temporary eclipse in the unexpected death of Archbishop Chapelle, the most distinguished victim of the disease. Although the venerable prelate was a subject of scientific treatment and had the most assiduous attention, his physique always counted heavily against him in the opinion of both the laity and the physicians, while his fatigued condition on his return from a particularly irksome trip through the country also was against him. His death, therefore, while generally deplored, was not considered to negative the opinion of the medical fraternity that with good care and proper treatment the mortality is unlikely to be heavy during the present visitation.

What has been considered remarkable is that the archbishop could have contracted the disease here so quickly after his arrival, though he had spent many of the latter years of his life in Cuba and Porto Rico, in both countries the disease being epidemic, without having contracted it.

Among the scientific men there is little doubt that the archbishop fell a victim to a mosquito during a brief visit he paid to the old archiepiscopal on Chartres street, or from an insect which found its way into his residence in Esplanade avenue, which is not far from the territory affected.

Archbishop Placide Louis Chapelle was a native of Mende, France, where he was born on Aug. 25, 1842. He came to the United States in 1859 and was graduated from St. Mary's college. He was ordained a priest in 1865. For five years he served as missionary and from 1870 to 1891 he held pastorates in Baltimore and Washington, where he was highly esteemed, forming in the latter city friendships with men of prominence in national affairs, among them President McKinley, who held the archbishop in high esteem. In 1891 Archbishop Chapelle was made bishop coadjutor of Santa Fe and became archbishop of that diocese in 1894. Three years later, on the death of Archbishop Janssens, he was named as archbishop of New Orleans. The year following, after the Spanish-American war, he was appointed by the pope as apostolic delegate to Cuba, Porto Rico and the Philippines. He went to the Philippines and spent much time there in connection with the settlement of conditions growing out of the change of sovereignty in the islands. He took up the cause of the friars and then his work was most difficult, the results achieved receiving the approval of the vatican. During his stay in Manila he was thrown constantly into contact Secretary Taft, then the governor of the islands, and they became warm personal friends. When Secretary Taft came through New Orleans earlier in the year on his way to Panama, the archbishop attended the banquet given to him and subsequently entertained the secretary at a formal function in the archiepiscopal palace.

Three years ago Archbishop Chapelle was relieved of the responsibilities of his mission to the Philippines, but continued his jurisdiction over Cuba and Porto Rico. He made frequent visits to both islands and was constantly in touch with all the work of his vast diocese. During his stay in New Orleans he has resided with his nieces, Miss Soullignac, and they have been inseparable companions. The archbishop was a man of high ability and exceptional intellectual attainments. He was fond of social life and was a constant entertainer, drawing to his home here the most representative people in the social and intellectual life of the city.

Following is report of board of health up to 6 o'clock Wednesday afternoon: New cases, 63; total cases, 679; deaths, 7; total deaths, 119; new sub-foci, 12; total, 130. Cases under treatment, 265.

### Near Newspaper Row.

New Orleans, Aug. 10.—A case of yellow fever has been located half a square from Newspaper row. This is the second reported case in that quarter.

### Shreveport Situation.

Shreveport, Aug. 10.—There are six persons in the detention camp. One has malarial and two yellow fever. There have been all told three yellow fever cases, one patient dying, the other two nearly well.

Katy has a new dining hall at South McAlester.

### To Christen the Kansas.

Chicago, Aug. 10.—Governor Hoch of Kansas, accompanied by his wife and daughter, Miss Anna, passed through en route to Philadelphia, where Miss Hoch will christen the new battleship Kansas when it is launched.

### Dies at Advanced Age.

Chicago, Aug. 10.—Captain Jerome B. Osler, believed to be the oldest resident in Illinois, is dead, aged 105 years. He was born at Erie, Pa.

### A. AND M. COLLEGE NOTES.

College Station, Tex., Aug. 9.—Prof. F. S. Johnston is out doing investigation of farm crops.

Prof. C. O. Moser, deputy feed inspector, is en route along northern points of the Houston & Texas Central railroad very busily engaged in his line of feed inspection.

Prof. E. C. Green and family left recently for his summer home in Clay City, Ill. He will stop at Tropic Station, however, where he will spend a week superintending experimental work and arranging his business in ship shape preparatory to his much-needed vacation.

Work is in progress on the campus leveling the surface and reconstructing the roadways, which, with the recent rains, increases its attractive appearance.

Miss Walker of Dallas is visiting at Prof. Nagle's. She will soon be accompanied by relatives on her way to New Mexico, where she will spend the winter.

Prof. F. R. Marshall recently departed for Kingston, Ontario, Canada, where he will visit a few days with relatives before making a series of visits to educational institutions in the northeastern part of the United States.

Prof. J. A. Craig is on business at Amarillo, Texas. He will soon start for points in New Mexico.

Read Fountain & Co.'s "blackboard" on second page. Changes daily.

### TERIBLE ACCIDENT THAT A MAN SUSTAINED AT DALLAS.

Dallas, Aug. 10.—A man named Mike Ford was struck near the fair grounds by a Texas and Pacific passenger train Wednesday night and his left arm torn off at the shoulder. Almost crazed with pain, he was taken to the city hospital. He gave his name but was unable to say where he lived. He soon was beyond the power of speech and is in a critical condition.

### HEAD CHOPPED OFF.

Sol Harris Decapitates Oscar Perry With an Ax.

Wharton, Tex., Aug. 10.—At Pledger Sol Harris chopped off the head of Oscar Perry with an ax. After searching for Harris all night Sheriff Rich captured him. The negro claimed that he was on his way to Wharton to surrender.

### SLOWLY STARVING TO DEATH.

Austin, Aug. 10.—Judge J. M. Brackenridge, a prominent citizen and brother of Colonel George W. Brackenridge, is slowly starving to death as a result of a growth or an obstruction in his throat. Treatment by specialists in New York and other places brought no relief.

### FATAL POISONING.

Guthrie, Aug. 10.—Samuel Freeman a farmer of Yale, in Payne county, died of poison he had evidently taken in coffee. Four members of his family are seriously ill from the same poison, but are thought to be out of danger. Coroner Murphy is investigating.

### BON AMI PATIENT DEAD.

Lake Charles, La., Aug. 10.—Aaron Clements, one of the two men suspected of having yellow fever at Bon Ami, died. Dr. Lawson of Shreveport pronounced it a genuine case of yellow fever. All precautions were taken and there is no other case of any kind of fever in the village.

### BAKERY WRECKED.

New York, Aug. 10.—Frequent outbreaks of rioting, calling for drastic action by the police, marked the course of a strike of the Hebrew bakers on the East Side. In an attack on a bakery in Allen street fifty rioters broke into the place, completely wrecked it and upset barrels of flour and dough in the street.

### MANAGEMENT SATISFIED.

Low Railroad Rates Granted Dallas for

the Fair.

The regular monthly meeting of the general passenger agents of Texas lines is now in session at Galveston. The most important action taken yesterday was the adoption of the convention basis rates for the State Fair. The rate is equivalent to one and one-fifth fares for the round trip. Tickets will be on sale from September 30 to October 14, with a final return limit to October 16. Tickets will be sold from all points in the state.

President C. A. Keating of the Fair association said to a reporter this afternoon in discussing the matter: "The Fair association is exceedingly well pleased and perfectly satisfied with the action of the railroads in according us the rate they have promised. They are doing better by the Fair than ever before, and we anticipate record breaking crowds this year. Railroad rates will be low, and we will have an exposition to present to the citizens of Texas which will excel any previous entertainment heretofore attempted." — Dallas Times-Herald.

Mrs. M. E. Marshall is visiting at Wellborn.

D. A. Cone returned from Corpus Christi yesterday.

Miss Edna Zuber left yesterday to visit at Navasota and Bedias.

Marriage license has been issued to C. Butler and Ann McKenzie.

Mrs. W. A. Reed and Miss Lucile Reed returned from Marlin yesterday.

Mr. and Mrs. M. B. Laski of Wellborn are guests of Mr. and Mrs. W. A. Reed.

Mr. and Mrs. Tyler Haswell and little daughter left yesterday to visit Galveston.

Tom Bittle, after a visit to relatives here and at college, left last night for the City of Mexico.

Mrs. Josie Todaro of Somerville, accompanied by her brother, Stephen Labello, is visiting relatives in this city.

Miss Birdie Corry of Hillsboro, after a visit to Dr. and Mrs. H. L. Fountain, left for Gatesville yesterday.

COUNCIL ASKED FOR RELIEF.

Elsewhere in The Eagle appears a petition to the city council asking that the I. & G. N. spur track to the site of the oil mill be removed from Bryan street. The operation of trains on this track is a matter of extreme annoyance to many, especially to those doing business on this street, and a convenience to comparatively few.

Permission to lay this track was granted with the understanding that switching should be done only at night, but this regulation is not observed, and the street is not kept up as it should be.

Furthermore this street is needed for the natural business development of the city, and this bar to its usefulness should if possible be removed.

The Eagle hopes the council will be able to relieve the situation without delay.

Mrs. C. C. Gannaway of Tabor returned yesterday from a visit to Marlin and Waco. She was accompanied by Misses Ruby and Abbie Gannaway and Miss Louise Keeling.

R. W. Marshall of Hearne, agent for the Merchants & Planters Oil Company of Houston, was in the city yesterday. E. C. Colson will represent Mr. Marshall again this year in buying cotton seed.

Manager R. J. Patterson of the Bryan Cotton Oil Co. announces that he will be in the market this season for all the cotton seed he can buy from Bryan's big trade territory, and all his old agents will buy for him at the usual places. It is the purpose of the company, Mr. Patterson says, to maintain the good prices for cotton seed in Bryan paid heretofore when the oil mill was in operation. He will also handle cotton seed meal and hulls, buying in large lots, enabling him to make low prices on these products as heretofore.

#### MADISON COUNTY RIGHT OF WAY

For the Houston and Texas Central Cut-off is Being Secured.

Madisonville, Texas, Aug. 9.—The right of way agents of the Houston and Texas Central railway are at work in the west end of this county securing the right of way for the proposed Central cut-off to be built from Mexia to a point near Navasota. They evidently mean business, because they do not parley with the property owners regarding the value of the land which they desire, the improvements on same or the growing crops, but accept the statement of each without question, and issue a check at once.

All checks are drawn on the First National bank of this place, where a large amount of money was placed on deposit by the right of way agent.

The property being bought adjoins the right of way owned by the Trinity and Brazos Valley railway company all the way through this county. If both roads are built the tracks will be in one hundred feet of each other almost the entire distance from Mexia to some point in Grimes county.

Mr. and Mrs. Tyler Haswell and little daughter left yesterday to visit Galveston.

Tom Bittle, after a visit to relatives here and at college, left last night for the City of Mexico.

Mrs. Josie Todaro of Somerville, accompanied by her brother, Stephen Labello, is visiting relatives in this city.

Miss Birdie Corry of Hillsboro, after a visit to Dr. and Mrs. H. L. Fountain, left for Gatesville yesterday.

COUNCIL ASKED FOR RELIEF.

Elsewhere in The Eagle appears a petition to the city council asking that the I. & G. N. spur track to the site of the oil mill be removed from Bryan street. The operation of trains on this track is a matter of extreme annoyance to many, especially to those doing business on this street, and a convenience to comparatively few.

Permission to lay this track was granted with the understanding that switching should be done only at night, but this regulation is not observed, and the street is not kept up as it should be.

Furthermore this street is needed for the natural business development of the city, and this bar to its usefulness should if possible be removed.

The Eagle hopes the council will be able to relieve the situation without delay.

Mrs. C. C. Gannaway of Tabor returned yesterday from a visit to Marlin and Waco. She was accompanied by Misses Ruby and Abbie Gannaway and Miss Louise Keeling.

R. W. Marshall of Hearne, agent for the Merchants & Planters Oil Company of Houston, was in the city yesterday. E. C. Colson will represent Mr. Marshall again this year in buying cotton seed.

Manager R. J. Patterson of the Bryan Cotton Oil Co. announces that he will be in the market this season for all the cotton seed he can buy from Bryan's big trade territory, and all his old agents will buy for him at the usual places. It is the purpose of the company, Mr. Patterson says, to maintain the good prices for cotton seed in Bryan paid heretofore when the oil mill was in operation. He will also handle cotton seed meal and hulls, buying in large lots, enabling him to make low prices on these products as heretofore.

W. L. Zulch of Willow Hole was in the city yesterday, armed with a map of Madison county showing the route of the Trinity & Brazos Valley railroad through that county. Mr. Zulch has been employed as right-of-way agent for Madison county, and will begin the work at once.

Miss Berryman announces that she will give lessons in music at the Bryan Academic and Collegiate Institute, beginning with the coming session, and will also continue her class at the graded school. The patronage of the public will be appreciated.

Rufe Duckworth was in from the Brazos bottom yesterday.

Dr. J. Zulch of Willow Hole was in the city yesterday.

W. W. Gainer was in from Pittsbridge yesterday.

J. K. Presnal of Tabor was in the city yesterday.

#### WITH DISPATCH.

Government Mail Pouches Must Be Moved as Fast as Possible.

Washington, Aug. 10.—In a manner intended not to arouse the combativeness of inhabitants of cities in the yellow fever districts where local quarantines have been raised, the postoffice department instructions to railroads having mail carrying contracts is that it expects the government pouches to be moved with as much dispatch as possible. In some portions of Louisiana, Mississippi and Texas, passenger trains are not permitted to stop and in few instances the service has been discontinued by the railroads. Officials of the postoffice department do not consider the interference with this service a sufficient excuse by the railroads for failure to carry the mails. The railroads have been given to understand that the department expects the mails to be moved in some manner—if not on passenger trains, then on freights, hand-cars, or by any other means that can be adopted.

Five Texas convicts were pardoned in July.

Postoffice and business house at Nellie, Okla., burned.

Five yellow fever cases at Vera Cruz, Mex., are isolated.

Summer carnival at La Porte, Tex., has been declared off.

Miss Ella Jeter of Walter, Okla., goes to China as a missionary.

Louis Rau died at Galveston from effects of two ounces of carbolic acid.

W. E. Evans was ground to pieces by a Rock Island train near Oklahoma City.

Reported case of yellow fever at Holly Springs, Miss., proves to be malarial fever.

San Antonio and Aransas Pass railway directors elect a president next month.

While drinking from a spring near Pittsburg, Tex., Henry Wright, a boy, suddenly expired.

Four new cases of yellow fever and one death were reported Wednesday on Isthmus of Panama.

LOST—Yesterday from a buggy, a lady's hand bag. Reward for return to Mrs. H. G. Rhodes.

A big crowd, including many from Bryan, attended the Kurten picnic yesterday and had a fine dinner and a good time. The Bryan boys played a mixed team and got the best of the ball game, which ended in the fifth inning with a score of 14 to 4.

FOR SALE

All my household and kitchen furniture. Must be sold by Sept. 1.

If you are in need of anything in that line, call and see me. F. H. Selden, old Platner place, Bryan.

#### WANT TRACK REMOVED

From Bryan Street—Petition to Be Presented to City Council Tonight.

Bryan, Tex., Aug. 10, 1905.

To the Hon. Mayor and City Council of the City of Bryan.

The undersigned citizens and property owners residing on Bryan street in the City of Bryan, do respectfully ask your honorable body to stop and restrain the I. & G. N. R. R. from switching and leaving loaded and empty cars on the spur or sidetrack running on said Bryan street to the site of the old oil mill. If you remember this I. & G. N. R. R. asked for permission to lay this spur to the oil mill and were granted permission by the City Council with the understanding that no switching was to be done only at night. The said I. & G. N. R. R. have abused the privilege by switching with fast moving engines greatly endangering human life and by leaving a line of cars at all times on this spur greatly interfering with the business of the merchants who have warehouses and stores on the west side of said Bryan street. And furthermore there is no oil mill now for them to go out to.

We pray that said I. & G. N. R. R. be required and forced to remove this spur as it is dangerous and of no good and ruins one of the best business streets in Bryan.

#### WAY TO TREAT HAY FEVER.

No Stomach Dosing. Just Breathe Hyomei—Stops Sneezing and Smarting.

E. J. Jenkins is recommending to his customers as a cure for hay fever, Hyomei.

It is claimed for this remedy that it stops the spasmodic paroxysms, the sneezing, the smarting and running of the eyes and nose, and other acute symptoms of this disease.

Many persons have been cured of hay fever by Hyomei, and the discoverer of the remedy professes to be able to prevent both the occurrence of the annual attack and to stop the progress of the disease, even in the most chronic forms.

A. Hamlin, of Westford, Mass., writes "Hyomei cured me of hay fever in one week's time. I consider it my duty to tell others who suffer from this disease."

This endorsement is only one of hundreds that have been received by the proprietors of Hyomei, and E. J. Jenkins offers to refund the money if Hyomei does not do all that is claimed for it, is the strongest proof that can be given as to the confidence he has in Hyomei's power to cure hay fever. The complete outfit costs but \$1.00, while extra bottles can be procured for 50 cents.

#### WARNING, RUMOR BEARERS.

Notice is hereby given that all parties circulating rumors regarding yellow fever refugees or suspects are liable to arrest and fine unless they are able to furnish proof of such reports. This pernicious practice is in violation of the law, and the penalty will be rigidly enforced.

By order of City Council of Bryan.  
T. P. Boyett, Marshal.  
R. H. Harrison, Health Officer.  
Attest: C. M. Spell, City Sec'y.

#### WOMAN'S COLLEGE DIRECTORS' MEETING.

The board of directors of Texas Woman's College will have a very important meeting this evening at 6 o'clock to select an architect to draw plans for the most prominent buildings, and also to elect a president.

Geo. B. Butler.

# TOO HOT

TO COOK MUCH

These days, and besides it's no use when you can get plenty of nice things for the table ready to serve. We have all kinds of

## CANNED MEATS

Fruits, Preserves, Pickles, etc., and can supply your table at a moment's notice.

## FRESH FRUITS AND VEGETABLES

always on hand in season. Phones 78 and 54 will bring our wagons.

# STATE FAIR OF TEXAS

DALLAS, TEXAS

SEPTEMBER 30--OCTOBER 15, 1905  
ANNOUNCEMENT.

The present organization, known as the State Fair of Texas, stands today without a parallel in the history of Fairs. It is owned and managed by some fifteen hundred of the most prominent citizens of Dallas, who have donated the money to build a fire-proof auditorium and exposition building on the Fair Grounds, costing \$100,000 and in addition to this have advanced the princely sum of \$90,000 for premiums, purses and attractions that the Fair of 1905 may go down into history as the largest and grandest event of its kind ever given in the Southwest.

Every stockholder of this institution has signed an agreement to donate his stock for the good of the cause, and under a contract with the City of Dallas, it is agreed that no officer nor director, other than the Secretary, shall receive any compensation for his services and that every dollar earned by this Fair during the next twenty years shall be expended in the effort to make each succeeding Fair better than the last.

The gates of the Twentieth Annual Fair will open at 10 a.m. Sept. 30, 1905, the Fair continuing sixteen days.

During this period the public is assured of sixteen days solid pleasure and recreation, as well as the opportunity of seeing the largest and best display of live stock ever collected together in the South.

The lovers of speed horses are assured thirteen days racing with high-grade horses, competing for purses aggregating \$30,000, and last, but not least, the homeseker will have an opportunity to examine a complete display of the varied resources and industries of Texas, as well as those of her sister states.

For further information and details address the State Fair of Texas, Dallas, Texas.

Yours respectfully,

## STATE FAIR OF TEXAS

C. A. KEATING, President  
SYDNEY SMITH, Secretary.

## WHY?

The reason One Minute Cough Cure relieves a cough in one minute, is because it acts first on the mucous membranes right where the cough troubles—in the throat or lungs—second, it hunger, destroying the microbes or cough germs and clearing the phlegm.

One Minute Cough Cure not only destroys the disease germs, and clears out their poison, but it gives strength and elasticity to the delicate membranes which protect the throat and lungs. Opens the air passages and promotes unobstructed breathing.

Causes the lungs to receive its natural supply of oxygen, thus exhilarating the body organs with such strength and vigor that the lungs and bronchial tubes become bulwarks against the inception of disease.

Asthma, Bronchitis, La Grippe, Cold on the Lungs and all Pulmonary Complaints that are curable

are quickly cured by the use of

## ONE MINUTE COUGH CURE

Prepared by E. O. DeWITT & CO., Chicago.

### LIES IN STATE.

Body of Late Archbishop Chapelle Is In Old St. Louis Cathedral.

New Orleans, Aug. 10.—Although the casket is completely closed, allowing no exposure of the face, many people are visiting the ancient St. Louis cathedral, where the body of the late Archbishop Chapelle is lying in state and in the crypt of which it will be laid to rest on Saturday. When the death of the archbishop was announced those having in charge the funeral arrangements assumed that as the cathedral is in the infected quarter it would be advisable to bury the remains at once, postponing the formal memorial service until later in the year. Subsequently, Surgeon White of the marine hospital service was called into consultation and gave his approval to a more elaborate funeral, saying there is no danger at all of infection or contagion from the body. The postponement will allow Father Soulages of New York, a nephew of the archbishop, and other relatives and distinguished clergy outside of the southern zone to come here if they desire to attend the funeral. None of the priests or bishops in the diocese outside of New Orleans and three contiguous parishes will be able to attend owing to their inability to return home by reason of the quarantines.

Papers printed Thursday the address which Archbishop Chapelle had prepared for the clergy and the people of the diocese on the yellow fever situation. It was completed on the day the archbishop was stricken. After the death of Mgr. Chapelle the magnificent residence which he occupied was completely fumigated and henceforth will be under observation until all danger of infection from it passes.

The announcement of sixty-three new cases in the preceding twenty-four hours made little impression on the public Thursday in view of the small number of deaths, people generally expecting for some time there would be a large quota of unreported cases turned up. The death rate for some time has been steadily declining, showing the results of the efficient scientific treatment. At the beginning it exceeded 25 per cent, but has now dropped to 17.

Dr. Souchon is making up a list of nurses and physicians who are willing to do service outside of New Orleans. Bon Ami, Patterson and other points where there is yellow fever have asked for scientific help and the authorities will make every effort to furnish it. Both doctors and nurses are to be sent to Patterson, where there is a perfect nest of fever, though thus far of mild type. The Patterson cases are all among Italians, but it has not yet been possible to trace the original infection to New Orleans, though it is expected the investigation will show some Italians from here joined the Italian colony there.

First Vice President Thompson of the Southern Wholesale Grocers' association, after an investigation of local conditions, sent out circulars calling attention to the fact that there has been much exaggeration in special dispatches concerning the situation; that with the marine hospital service in charge there is complete confidence in New Orleans. Business with a few exceptions is moving along slowly. The truth of the mosquito theory will undoubtedly be proved and there will be practically eradication of the fever before frost comes say leading physicians.

Governor Blanchard announced the state appropriation of \$100,000 to the fever fund will be advanced to the marine hospital service in sums of \$20,000 each.

Additional surgeons arrived to join the staff of Surgeon White. They are Drs. McMullen, Rucker and Sweet. All three are non-immunes, but come readily to bear their share in the fight.

Thursday's early report of twelve new cases and five deaths promised a considerable total at the end of the day. One death was in the emergency hospital, the other at scattered locations.

Surgeon White announced he had received permission to re-open the detention camp at Avondale. It is to be refitted and be ready in a day or two. The camp was closed at the time Texas refused to permit passengers to go through that state without detention at the Texas state line. Railroad men are pleased at the reopening of the camp because it will contribute to the resumption of passenger traffic.

### FOURTEEN OFFICERS.

Longview, Tex., Aug. 10.—Dr. Tabor has authorized the employment of four state quarantine officers and Panola county has appointed ten to establish a strict quarantine on the Louisiana line. Thirty miles is to be against Louisiana territory which has heretofore been practically unguarded, and through which an overland stream of refugees has poured ever since the yellow fever was discovered.

**DUNNE'S RESIDENCE ROBBED.**  
Chicago, Aug. 10.—Mayor Dunne's residence was burglarized a few hours after he returned from his visit to the east. The burglars gained an entrance to the house through a window, and succeeded in carrying off about \$75 worth of linen. A servant heard the burglars, but they had slipped away before the mayor could be aroused.

**CARRYING OUT INSTRUCTIONS.**  
Tokio, Aug. 10.—Admiral Kataoka reports that he dispatched one naval squadron to Kamohata and another to Okhotsk and they are now engaged in carrying out instructions in regard to work to be performed at their respective stations.

**SMALLPOX AND PLAGUE.**  
New York, Aug. 10.—There are eight cases of plague in Tal Tal, province of Atacama, cables the Herald's correspondent at Valparaiso, Chile. The epidemic of smallpox in Valparaiso is unchanged. Nearly 550 deaths have been recorded during the last seven days.

**CROP CONDITION.**  
Washington, Aug. 10.—Monthly crop report of the department of agriculture gives condition of corn, 89.0; spring wheat, 89.2; oats, 90.8; barley, 89.5; spring rye, 92.6; flax, 96.7.

### TWICE DAILY.

Protocols of Envoys to Be Written In English and French.

Portsmouth, N. H., Aug. 10.—Peace envoys to hold two daily sessions, one at 9:30 o'clock in the morning, the other at 3:30 o'clock in the afternoon. Luncheon will be served at the navy yard. Three secretaries for each side will be in attendance to draw up the protocols, which will be written both English and French. The French text, however, in case of dispute, will be accepted in evidence (fair fo).

The official versions of Wednesday's meeting given out by each side described it as "satisfactory," and other accounts indicate that while everything passed off amicably, considerable reserve was displayed upon both sides.

Baron Komura whom M. Witte had met at St. Petersburg during the former's service as Japanese minister there, was pleasantly greeted by the chief Russian envoy in French, but the baron was obliged to shake his head and turn to his secretary, Mr. Honda, who explained that Baron Komura had forgotten the little French he knew.

### THIRD ATTEMPT.

Parties Seem Determined to Kidnap Son of Governor Oteri.

Santa Fe, N. M., Aug. 10.—The third attempt recently to kidnap Miguel A. Oteri, son of Governor Oteri of New Mexico, has been defeated by the temporary absence of the boy from the summer home of Mrs. W. B. Childers, where he has been a guest. Six heavily armed men rode up to the Childers cottage, on the Upper Pecos river, Tuesday and demanded the boy. Mrs. Childers, who was alone with the servants, informed the men that young Oteri was not on the premises, but they searched the buildings and then rode away. The boy was with his uncle on a fishing trip at the time. Deputy Sheriff Charles Closson and posse immediately sent to the camp in the mountains where the man was staying and returned here with him. He guarded against surprise by the would-be kidnappers while en route. While at the camp they learned that members of a band had been to the camp, but young Oteri was away fishing and thereby escaped them. It is believed the leader of the band is an ex-convict, lately pardoned by Governor Oteri. He recently had been to other ex-convicts and was heard to remark: "If we can only get the boy into the mountains the old man will pay a princely sum for his son."

### FINED AND EGGED.

Rev. Wickam Found Guilty and Afterward Hit With Hen Fruit.

Guthrie Aug. 10.—Rev. Noah Wickam, in probate court was fined \$1 and costs, amounting to \$100. He was charged with cruelty to children. After he had gone home from court and while sitting on the porch with Rev. Ross of Stillwater a crowd of men or boys fired a fusillade of rotten eggs toward the ministers. Both men were hit and were bedaubed with the eggs to such an extent that they were compelled to change their clothes.

### KILLED UNDER TREE.

Lightning Snuffs Out Lives of Two Oklahoma Men.

Cushing, Aug. 10.—George Johnson and William James, farm hands, employed by Frank Henderson, near here, were struck by lightning and killed while standing under a tree on the bank of the Cimarron river. Both men had been in swimming and had taken refuge under a tree. They were evidently dressing when killed. The bodies were discovered several hours later by Henderson.

### CAUSE OF COLLAPSE.

Accident to Myers Building at Albany Will Be Investigated.

Albany, Aug. 10.—The collapse of the John G. Myers company department store which resulted in the death of thirteen persons and probably the fatal injury of two others, will be investigated by a commission.

The small number of deaths, when it is considered that nearly 100 persons went down with the wreck, is accounted for by the fact that scarcely any of the brick walls fell and the debris consisted of wooden timbers and plaster, with only an occasional iron girder. One of these iron beams crushed the life out of four girls.

### POPE HAS THE GOUT.

New York, Aug. 10.—The pope was reported, according to the Rome correspondent of the Herald, to be suffering severely from the gout. His physician, Dr. Lapponi, has ordered him to take complete rest.

### BEING INVESTIGATED.

Jackson, Miss., Aug. 10.—State board of health announced suspicious fever cases were being investigated at Holly Springs and Yazoo City.

### DALLAS DEFEATED.

Fort Worth and Waco Winners In Games of Wednesday.

Fort Worth, 4; Dallas, 3.  
Waco, 6; Temple, 1.

### SOUTH TEXAS LEAGUE.

Chicago, 7; New York, 2.  
Cincinnati, 8; Philadelphia, 2.  
Brooklyn, 5; St. Louis, 4.

### AMERICAN LEAGUE.

St. Louis, 12; Washington, 6.

### NOT SATISFACTORY.

Wu Ting Fang Greatly Regrets Boycotting of American Goods.

Pekin, Aug. 10.—Wu Ting Fang, formerly Chinese minister at Washington and now vice president of the board of foreign affairs, interviewed by the Associated Press, said that the existing regulations for the exclusion of Chinese from the United States were unsatisfactory from the Chinese standpoint and hence at all events, the Chinese there could not compete with American labor. The Philippines had long been a natural field for Chinese industry, but the application of the exclusion act to the islands had changed this.

Mr. Wu expressed himself as greatly regretting the Chinese boycott of American goods, steamship and insurance companies, as it might apparently estrange the good will of Americans, which he highly prized. However, he said, the Chinese classes most concerned decided on the boycott as the only means of ventilating the question. He pointed out that the movement against Americans, though thoroughly organized by the best and most representative Chinese, was altogether pacific and was not directed against persons or property.

### PEACE CONDITIONS.

They Are Handed Russians to Study and Answer in Writing.

Portsmouth, N. H., Aug. 10.—Russian envoys have been handed peace conditions. They will study them over and answer in writing. Conference of Thursday then adjourned.

### PEACE WILL RESULT.

Professor of English in Tokio University Makes This Prediction.

Portsmouth, N. H., Aug. 10.—Kijiro Takasugi, professor of English at the Imperial university of Tokio, in an interview following a lengthy conference with Mr. Sato, who has been spokesman so far for the Japanese peace commission, said the Japanese terms, in his opinion, would include the immediate evacuation of Manchuria, cession of the island of Sakhalin and an indemnity of \$1,000,000,000. Vladivostok also will be demanded. The indemnity, Mr. Takasugi said, might be reduced if peace could be brought about no other way. Mr. Takasugi said: "The Portsmouth conference will end in a treaty of peace."

### TURNED BOTH FLANKS.

Japanese Assumed the Offensive and Russians Retreated.

St. Petersburg, Aug. 10.—General Linevitch, in a telegram to the emperor, dated Aug. 8, reports that the Russian forces operating to the eastward of the Mandarin road advanced Aug. 5 toward a defile near the village of Chagin, twenty-four miles south of Taulu. The Japanese assumed the offensive and turned both flanks, compelling the Russians to retreat northward. The Japanese followed in pursuit and again encountered part of the Russian force, which halted in the Na-doulin gorge, but after a hot fusillade they returned to the southward. The Russians in the Hailung Cheng district, the general says, occupied the village of Yulangtze after a skirmish.

### RIOTING AT RIGA.

Considerable Trouble at Large Russian Manufacturing City.

Riga, Aug. 10.—Ten thousand men are on strike here. A regiment of cavalry is patrolling the streets. A meat market was sacked and a number of stores had to close because owners would not join strikers' ranks. Riga contains 125 mills and factories.

Two million dollars' worth of perishable merchandise is awaiting loading or reloading and the merchants have applied for soldiers to act as stevedores in order to save this property.

### BOUNDED FOR FORT SILL.

San Francisco, Aug. 10.—Transport Burford has arrived from Manila. A squadron of the Fourteenth cavalry, bound for Fort Sill, Okla., was on board.

### BUT ONE MISSING.

Father of Thirteenth Victim Watched Wreckage All Night.

Albany, Aug. 9.—A thorough search carried on all Wednesday morning of the wreck of the John G. Meyers building revealed the fact that all persons had been accounted for except one woman. The thirteenth body, that of Miss Winifred Kelly, was identified by her father, who watched by the wreckage all Tuesday night. Some of the corpses are mangled almost beyond recognition. All bodies taken out Wednesday morning were disfigured. Work of skilled
